## 1948 Town Budget Calls For Expenditure \$19,800

### To Present War Veterans With Plaques And Wallets In Appreciation of "A Good Job Well Done"

Presentation And Dance to be Given Veterans And Family Members on April 10; Mayor Frank Aboussafy to Make Presentations.

An executive meeting of Coleman Citizens' Reception and Rehabilitation Committee was held in the Legion lounge room on Monday evening with Chairman S. C. Short presiding.

Purpose of the meeting was to finalize details pertaining to the presentation of plaques and wallets to Coleman's war veterans who are eligible for the gifts.

A member of the executive reported that the I.O.O.F. hall was available to the committee on Saturday, April 10, as the Elks were prepared to cancel their whist drive for that evening should the Rehabilitation committee desire to use the hall. It was agreed to engage the hall for Saturday, April 10.

Secretary - treasurer Adam Wilson reported that the committee had a balance of \$79.00 with only one or two small outstanding accounts. It was agreed to have the presentation followed by a dance and a local orchestra was named to be contacted to play at the dance. Invitation cards were authorized

to be printed and will be sent to all veterans to receive gifts asking them to attend and bring along two members of their family. Veterans who are residing out-of-town will be asked to make an attempt to come back to the old home town for this particular evening but should they find it impossible to do so appoint a family member residing here or a friend to accept the gifts in their behalf. Those failing to have a representative will have their gifts sent to them in due course.

Mayor Frank Aboussafy, as Coleman's first citizen, will make the presentation to each veteran. Chairman S. C. Short will preside over the evening's activities and will give the opening address. It is expected that his address will be responded to by one of the young veterans on behalf of his comrades.

The presentations will start at 7 p.m. and all veterans and their family members of friends are asked to be in the hall a short time prior to that hour.

### Gudmundson - Neddo Wedding

Photo by Bert's Studio

St. Paul's United church was the scene of a very pretty wedding on Saturday afternoon, March 27, when Helen Margaret Marie, only daughter of Mr. and Mrs. Eric Gudmundson, was united in marriage to Raymond Allen Neddo, second son of Mr. and Mrs. W. J. Neddo, of North Cobalt, Ont. Rev. Dr. R. Magowan conducted the ceremony.

The bride, entering the church on the arm of her father, looked charming in a gown of white satin with sweetheart neckline and lilyprint sleeves. Her floor length veil was held in place by a coronet of orange blossoms. She carried a bouquet of American Beauty roses. Her only ornament was a gold locket, a gift of the groom.

Attending the bride were Miss Alice Anderson and Miss Mary

Ancelot. The former chose a gown of pink taffeta with matching chapel veil, while the latter chose a gown of blue net and matching veil.

The groom was attended by his brother, Mr. Wilfred Neddo. During the signing of the register Mrs. Wm. Martland sang "I Love You Truly."

A reception was held at the home of the bride's parents, a three tiered wedding cake centering the bride's table. The toast "to the bride" was proposed by Mr. Wilfred Neddo and ably responded to by the groom.

The newly weds will reside in Coleman where the groom is employed.

Attending the wedding from out-of-town were Mr. and Mrs. Uno Gudmundson and family, of Mayne Island, B.C.

### Finance Committee Trims \$2,000 Off 1947 Expenditure of \$21,658; Fire Protection Slashed In Half

Public Works Department Given \$8,500 With Which to Work; Mill Rate to be Determined at Next Regular Meeting.

Last week Finance Chairman John Ramsay submitted his 1948 budget to the Mayor and council. It called for an estimated expenditure of \$19,800 as against an actual expenditure of \$21,658 in 1947.

On Tuesday, Jan. 27, Finance Chairman Ramsay revealed that the town had run up a deficit of \$894 on the 1947 operations and stated that each department in 1948 would have to keep within the financial limits set by the budget. Failure to do so would, within a few years, result in serious deterioration of the present financial condition of the town.

Upon perusing the budget as against actual 1947 expenditures one will note the 50% slash of the fire fighting department from \$1431.00 to \$750. This saving will be partly accomplished by the fact that the department already possesses sufficient equipment that is in excellent condition and will not require a great deal of additional equipment and secondly that fire fighting practices will not be held as often as in the past. It is the practice to pay each volunteer member of the fire fighting brigade \$1 per practice.

Grants have been slashed by \$50. Chairman Ramsay will advocate to council that each grant be uniform and eliminate past practice of giving one organization more than another. The Public Works Department has had \$1,000 slashed from its 1947 expenditure. It was stated during the winter in open council that the councilors had expected greater material results from that department for the huge expenditure which had been involved. Wages had absorbed the bulk of the money. All that was shown was a few sidewalks re-laid and very little to maintain our hard-surfaced residential streets. A tar heating machine cost \$800 and which was purchased from funds granted the P.W. Dept. The \$8,500 granted the P.W. Department this year will be used

in great degree to resurrect our fast deteriorating hard-surfaced residential streets. A sidewalk from the Legion to the small bridge east of the Legion club is mooted for this year.

It will be noted that the Lycka account is absorbing an additional \$400 of public funds.

The Relief Dept. has been cut by \$400 but since this department is more or less guided by prevailing circumstances throughout the year that \$400 slash cannot be expected to be rigid.

To help finance the town it is estimated an approximate \$1000 will be derived from dog tags, licenses, fines, building permits, etc.

Following is the budget with the actual 1947 expenditures alongside for comparison.

### Spring Thaw Softens Main Highway

Road From Cowley to Lundbreck Said In Bad Shape; Road Ban Now In Effect.

The Spring thaw is playing havoc with the main highways in and near the Pass. Motorists report the stretch of highway between Lundbreck and Cowley to be in particularly bad shape and vehicles are hard pressed to plow their way through the mire of mud.

The hard-surface from Bellevue to Coleman is in good shape with the exception of a number of pot holes and where water is flowing across the road softening the hard-surfacing which in turn is breaking up.

From Coleman to the Lake the road is rough and as one nears Sentinel and again at the lake the road literally disappears under miniature lakes. Poor drainage at Sentinel has caused the road bed to soften and become full of holes which in turn are full of water. At the lake opposite the Joe Stevenson property there was approximately one foot of high-water showing above water and that was rutted as the water sought to escape to lower levels alongside the highway.

The wind has been so severe from Carbondale to Sentinel that it has blown away practically all soil that was on the highway leaving only sharp rocks on the roadbed which undoubtedly play havoc with tires. B. C. is just as badly off. The soft roadbed between Michel and Natal makes motorists slow to a crawl as they seek to drive between the deep ruts. There are pot holes in the hard surface where drainage is poor. As one reaches Hosmer they meet a ploughed field and this was where we turned back.

The ban to heavy truck and bus traffic went into effect on Tuesday in order to save the highways as much as possible. April is the month government road crews go into action for the year's highway improvements.

Advertising acts as a tonic to any head of business enterprise—

### ANYONE KNOW THIS GENTLEMAN?

At the week-end Mr. Mike Killoran received the following letter which sought to trace a man of Scottish descent who at one time lived in the Blairmore district. The letter reads:

"Dear Sir:  
 "I've just come across an old address given to us by my brother, James Lockie, many years ago. Do you happen to have any trace of him through friends in the district?"

"I think he was a stockman and he wrote from Blairmore, Alberta.

"His father is still living near the old home which he left and is hale and hearty at 86 years. He would be charmed to think that he may yet trace his whereabouts.

Jean Lockie"

COLEMAN HARDWARE BUILDING TO BE READY THIS WEEK-END

Monday morning a number of carpenters were busy constructing the framework of the temporary shelter of the Coleman Hardware. Enquiry revealed that the 26x38 building will be ready to house stock this week-end and that proprietor Will Dutil will be in business within the next few days.

The two lots next to the Hardware are practically cleared and the theatre construction should start shortly.

### NEW BOX GIVES GREATER ASH LOAD

Monday morning the ash truck had a new and much larger box. The old box has now been placed on the new town truck.

Ashmen now have the opportunity of trucking a heavier load of ashes and speeding up ash collections throughout town.

### DO YOU KNOW THIS GENTLEMAN?

Captain T. Smith has been asked to locate the present whereabouts of CYRIL McDONALD, born in Aberdeen, Scotland, 48 years ago. He is an engineer by occupation.

At one time his address was Coleman, Alta. Anyone knowing the whereabouts of same, please phone 251f, or contact Captain Smith.

### MISCELLANEOUS SHOWER

A miscellaneous shower was held Monday evening, Mar. 22, in the I.O.O.F. hall in honor of Miss Helen Gudmundson, bride-elect of the month. Hostesses included Mrs. P. DeGroot and Betty, Mrs. R. Phillips and daughters Alberta and Roberta, Margaret Roughhead, Alice and Astrid Anderson and Ida and Mary Ancelot.

Whist was played winners being Mrs. S. Penney, Mrs. C. Roughhead and Mrs. R. Lloyd. Bingo prizes were won by Mrs. A. Michalsky and Mrs. Harry Parkinson. The door prize was won by Mrs. T. DeNunn.

Following a dainty lunch served by the hostesses the honored guest was the recipient of numerous and useful gifts for which she expressed thanks.

### CARD OF THANKS

I wish to express my thanks & appreciation to the hostesses Mrs. Peter DeGroot and Betty, Mrs. R. Phillips, Alberta and Roberta, and the Misses Margaret Roughhead, Alice and Astrid Anderson, Mary and Ida Ancelot for sponsoring a miscellaneous shower in my behalf, and to those who attended the shower and brought gifts and to those who, although unable to attend, sent their gifts.

Mrs. Raymond Neddo, nee Helen Gudmundson

### BAPTISM

In a baptismal ceremony performed in the Holy Ghost church on Sunday, March 28, the infant daughter of Mr. and Mrs. Elvino Fabro was given the names Clare Marie Fabro. Godparents are the infant's uncle and aunt, Mr. and Mrs. Milo Fabro, of Kimberley. Rev. Father Leo Sullivan conducted the service. Also in attendance were Mr. and Mrs. C. Fabro, of Blairmore, who were interested spectators.

Parents and family members were interested spectators at a baptismal ceremony on Sunday at Holy Ghost church when the infant son of Mr. and Mrs. Joe Kapalka was given the names Kenneth Jack Godparents were Miss Bessie Poch and Lawrence Rosia. Rev. Father Leo Sullivan conducted the service.

At a baptism ceremony at Holy Ghost church on Sunday the infant daughter of Mr. and Mrs. John Omelusk was given the names of Betty Ann. Godparents were Mr. Andrew Vrsokry and Mr. John Vavrean. Rev. Father Leo Sullivan conducted the service.

Mr. and Mrs. Joe Kostelnik and Mrs. T. Price motored to Lethbridge on Saturday where they visited the former's mother and attended the Moose Jaw-Lethbridge hockey game.

### NOT TO RAISE SOUTH SIDE OF MAIN STREET

The town council has decided to refrain from raising the south side of main street which fronted out the buildings burned down last month.

Upon consultation with an experienced engineer it was decided that the expense did not warrant the advantages to be achieved. Instead a higher curb will be built on the sidewalk in that section of the street to aid drainage.

At the council meeting last week council had voted in favor of raising a portion of main street to facilitate parking and aid drainage.

### BILL FERBY GIVEN PASS SALES ASSIGNMENT

Mr. William "Bill" Ferby arrived in town last week with his bride of a month to seek residence in Coleman.

Bill has been assigned the Pass territory by Scott Fruit Company, Lethbridge office, and seeks to locate in the old home town. Since his discharge from the armed forces he has been in the employ of Scott Fruit in the southern city.

People shop where they are invited—that's why it pays to advertise.

### Poll Tax To Be Assessed Within The Town

Tax To Be Collected For School Purposes Only; To Go Into Effect This Year. Tax Set at \$8.00.

A by-law whereby a poll tax could be collected within the incorporated area of Coleman was given third reading at the council meeting last week.

The by-law reads:

"Minimum annual tax to be paid by:

(a) Any resident of the town of Coleman assessed upon the assessment and tax roll.  
 (b) Every resident of the said town of the full age of twenty one years who has not been assessed upon the assessment and tax roll and who has resided therein for a period of sixty days or more during any calendar year and is gainfully employed, whether he has resided in the town before the completion of the roll or not shall be assessed the sum of \$8 for school purposes.

By the tax it is hoped to relieve the ratepayers of some of the heavy tax load contained in the \$73,000 school budget for 1948.

The Poll tax has been collected annually in school district 1216 in that area outside the incorporated area of the town.

**BRITISH FIREMEN "STRUT THEIR STUFF"**—Three different "looks" for British firemen are pictured above. At the left is the pre-war uniform; the wartime outfit is at the right; in the centre is the "new look", which is waterproof and fastened with a zipper. The new helmet is not metal.

**CRASHES TO DEATH IN WELL**—Frank York, 27, Oak Ridge, Ont., well-digger, crashed 26 feet to his death after rescuers had brought him to within a foot of the top of a well into which he tumbled and was impaled on the handles of a drilling pipe. A fellow worker said that Page's foot had slipped from the windlass cable. Above Les Bell holds the cable from which the dead man fell.

**SUSPENDED**—Paefique Plante, assistant director of police and militant crusader against vice in Montreal, was suspended by Police Director Albert Langlois. Police headquarters sources confirmed the suspension but gave no details. Neither Langlois nor Plante could be reached for comment.

**PILOT LUCKY TO BE ALIVE**—"Lucky he's alive," was the comment of the doctor who treated Tom Boland, 24, of Little Current, Ont., injured when the light plane he was piloting plunged 450 feet to the frozen Pickering creek. He was taken to the hospital at Sudbury. This is the wrecked plane.

**PATHFINDER SHOW HELPS FELLOW VETS**—Nursing Sister Betty Mason looks on while Pathfinder Aubrey McLennan, (right), quizzes Pathfinder Murray Scott of London, Ont., on what he and other patients at Sunnybrook Military hospital would like. The Canadian Pathfinders' club in Toronto held a ball to keep fellow veterans at Sunnybrook hospital. Featured during the ball was the Canadian Cavalcade program and an interview with Air Commodore John Fauquier, known during the war as "King of the Pathfinders".

**MAN'S BEST FRIEND**—A DOG—The barking of Brownie, held by Jacqueline Black, 14, of Whitby, Ont., saved the girl and her grandmother when their house filled with coal gas. Brownie roused Mrs. Black and the latter quickly summoned help.

**STAGE CANADIAN DOG SHOW**—Dog show was a feature at the first Canadian National Sportsmen's show at Toronto. Anne Smylie is seen with a Kerry Blue and wire-haired terrier.

**LATIN-AMERICAN PRESIDENTS' MEET**—President Juan Peron, (left), of Argentina, and President Luis Batlle Berres, of Uruguay, go into the traditional Latin clinch when they greet each other aboard a yacht off Buenos Aires, Argentina. The executives met for a conference, subject of which was not revealed.

**PEACE-LOVING SWEDES**—Fearing Russian blitzkrieg, the Swedish general staff has asked for large military appropriations. This headgear is worn by peace-loving Swedes.

**LUCKY YOUNGSTER AND ICE QUEEN**—A lucky boy was Ralph McNeil, eight, shown with Barbara Scott. Ralph, who helped to park cars at Maple Leaf Gardens in Toronto where "Princess Babs" appeared in an ice carnival, was given a ticket to sit in the same box as Mrs. Scott. Barbara gave him a bouquet for his mother.

**BOY, 13, GETS MEDAL**—Youthful rescuer, Robert Lacelle, 13, of Cornwall, Ont., has been awarded the Royal Humane society bronze medal. Operating a rowboat with an outboard motor, he made three trips through blazing oil on the St. Lawrence river to save the crew members of the collier Milverton after it was in collision with the tanker Translake last September.

**DE GAULLE READY WHEN NATION CALLS**—Readiness to take over the government of France when the nation calls was intimated by Gen. Charles De Gaulle, shown on the platform addressing a rally of 12,000 persons at Compiegne. He asked the U.S. to guarantee the military security of western Europe.

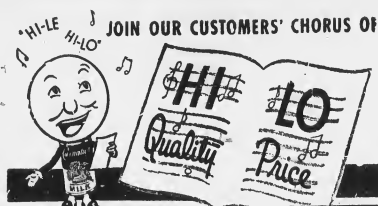

**FRENCH DEMANDING REDUCED PRICES FOR FOOD**—Demanding reduced prices for food, French women, some with their children, parade in Paris in protest against the cost of living. They marched to the statue of Joan of Arc, on which they placed a crown. In spite of the need to keep people on the land, France called up 300,000 20-year-olds for the army.

**TAFT UNHURT**—An airplane carrying the Republican presidential aspirant, Robert A. Taft, and Senator Owen Brewster (Rep. Me.), plunged into the Kennebec river, but Brewster said neither he, Taft nor the pilot were hurt.

## NOTES AND COMMENTS

### BLOOD DONORS

A blood donor clinic, province wide, has been set up by the Canadian Red Cross in Alberta. Blood and blood plasma are available to any hospital desiring either one for transfusions. Here in Coleman we have a campaign underway to secure 100 names of persons willing to donate a pint of blood.

After securing more than fifty names in the first two weeks the campaign has slowed down. A steady stream of blood must be kept flowing into provincial headquarters... you can keep that stream flowing by volunteering as a donor. Do it today!

### "IT'S AN HONOR?"

Ben Swankey who was brought from Edmonton by the L. P. P. to contest the Pincher-Crows Nest constituency seat, stated that this constituency had the honor of sending the first labor member to the provincial house and following the next election it would have the "honor of sending the first communist member to Edmonton." Mr. Swankey would appear to be whistling in the dark.

The world to-day is seeing the hand of Communism spread throughout eastern Europe. It sees the power of the people placed in the hands of a few, freedom of the press abolished, personal liberty abolished, it sees people of subjugated nations being virtual prisoners in strong-armed policed controlled states; it sees elections held "in accordance with the terms stated by law and to which the Communist party looks forward to trustfully and with self-confidence."

The confirmed intention of the L.P.P. to oppose the C.C.F. in this constituency is borne out in past election results. Here are the figures in the last federal election as they relate to Coleman:

Hansell	Arland	Wobick
S.C.	L.P.P.	C.C.F.
399	319	265

In the last provincial election the constituency results were:

Duke	Williams	Irwin
S.C.	Lab.-U.	C.C.F.
2190	1821	948

### INDUSTRY MUST MOVE WEST

In eastern Canada we read of shortages of coal, coke, electric power, temporary unemployment. In Alberta we read about unlimited supplies of coal, unlimited supplies of natural gas, so much so that it may be exported, new and sensational discoveries of oil, new supplies of hydro power.

The stubborn-minded executives of the Canadian east will one day wake up to find that they have missed the boat in regard to western Canada's industrial development. Alberta and British Columbia are too large and too rich in natural resources to remain idle simply because the industrial east refuses to move some of its plants and general offices into the west.

It was only a few short years that California found itself in the same position as the Canadian west to-day. However a few "pioneer" firms settled in California, the population increased and lo and behold the industrial czars of the east found themselves scurrying westward to secure new sites for their new "west coast offices."

Alberta should maintain its propaganda to British and American industrialists to locate in western Canada, rich in fuel and other natural resources. Once the province becomes more highly industrialized then eastern Canada will stop and take notice.

Alberta possesses 95% of Canada's coal deposits. By locating in Alberta industry would have access to unlimited supplies of coal, gas and oil and thus our National industrial self-sufficiency, so dependent on adequate fuel supplies, would lose many of its shackles.

460,000,000 children in the world are near starvation. Give them food for life by supporting the Canadian Appeal for Children.

Mrs. Florence Smith has returned home following several months vacation in eastern Canada visiting relatives and friends.

Mr. and Mrs. J. H. McGregor and young son motored to Calgary at the weekend where they were the guests of the former's mother.

Mr. and Mrs. Percy Dickieson and children, accompanied by Mrs. A. Beveridge, spent the Easter week-end visiting relatives at Calgary.

Mr. and Mrs. Joe DeLuca returned home on Tuesday afternoon from Calgary where they had attended the Glencoe Ice Carnival at the weekend.

Mr. John Gedjos of Creston spent the weekend with friends and relatives in Coleman. He was accompanied by Mr. Louis Bubniak to Taber.

Messrs Charlie Homa, proprietor of The Star Shoe Repair shop, and Nick Miroch, of Summit Lime Kiln, spent the week-end at Lethbridge on business.

Miss Peggy McDonald, of the Canadian Bank of Commerce staff, Calgary, was the weekend holiday guest of her parents, Mr. and Mrs. J. A. McDonald.

Mr. and Mrs. Nick Unolowski have moved into the property recently vacated by Mr. and Mrs. J. Storm. Nick has secured employment with Mannex Co.

Miss Eileen Fry, of Vancouver, returned on Tuesday morning to the west coast following a month's vacation the guest of her parents, Mr. and Mrs. A. Fry.

Mr. and Mrs. Merle Nilsson and family, of Nelson, were the Easter weekend holiday guests of Mrs. Nilsson's brother-in-law and sister, Mr. and Mrs. Nick Nicholas.

Mr. Fred Weir, now employed in Calgary, returned home at the week-end to visit his family. He is the proud owner of a Nash sedan purchased in Blairmore two weeks ago.

Mrs. A. B. Westworth left last week for her home at Cadomin following her visit here to attend the Golden wedding anniversary of her parents, Mr. and Mrs. D. Gillespie.

The Journal acknowledges with thanks renewal subscription received from Miss Elizabeth Beveridge of Vancouver. She sends best wishes to all her Coleman friends.

Attending the Dominion Fancy Skating championships at Calgary at the week-end were Mirand Mrs. Wm. Fraser and Dr. and Mrs. E. Aiello and baby.

Mr. Charles Nicholas has been confined to bed during the past few days owing to sickness.

Miss Martha Oleksychuk, of Calgary Business College, is the Easter holiday guest of her parents.

Mr. and Mrs. S. C. Short and the latter's mother, Mrs. J. W. Boulton, motored to Calgary on Tuesday to attend the Barbara Ann Scott Fancy Skating exhibition in the Victoria arena that evening.

Mr. and Mrs. Walter Cieslak and Mr. and Mrs. Frank Balajich motored to Calgary at the weekend where they visited Miss Jennie Cieslak and attended the Dominion figure skating championships.

Mr. Louis Vasek was home at the Easter weekend to visit his family. He has since returned to Calgary where he is scheduled to enter Holy Cross hospital next week for another operation on his arm.

Mr. and Mrs. David Hoyle, accompanied by Mrs. Leonard Hoyle and baby, motored to Calgary at the week-end where they are visiting members of their family during the Easter holidays.

Mr. W. Dutil planned on motoring to Calgary on business Tuesday morning. He anticipates starting in business next week, weather permitting, and hopes to have new stock arriving as quickly as possible.

Miss Frances Dibblee, of Calgary, was the Easter holiday weekend guest of her parents, Mr. and Mrs. Walter Dibblee. She was accompanied home by Miss Margaret Smallwood, of Calgary, who was her guest while here.

Mr. and Mrs. M. Richards, nee Gladys Fry, of Vancouver arrived at Hillcrest last week to attend the funeral of the former's mother, Mrs. D. Richards. While in the Pass they visited Mrs. Richard's parents, Mr. and Mrs. A. Fry. They returned to the west coast on Tuesday morning.

Mr. Walter Pettifor and Rev. Raymond Butcher, of Maple Creek, visited the former's son-in-law and daughter, Mr. and Mrs. John Powlyk at the weekend. Rev. Butcher, who is also Science teacher at the Maple Creek high school, conducted the evening service at St. Alban's.

Miss Anne Dudys is spending a few days at Creston.

Mr. and Mrs. M. Dimmer, of Sunnyslope, were the Easter guests of Mr. and Mrs. T. Holstead.

Miss Dorothy J. Wilton Clark, Mata, high school teacher, visited her grand mother, Mrs. Harry Clark, this week. She left to-day to visit her parents in Fernie.

## THE MOTORDROME

Agents for General Motors, Pontiac and Buick Cars  
Phone 77, Coleman Jim Wilkie, Proprietor

Smokey decided to find out who starts the most forest fires. First he tracked down old man Lightning. But lightning and other natural causes start less than 10% of the fires.

Next he turned to criminals, or crazy firebugs. But although these people start some of the worst forest fires, Smokey didn't get the final answer here. So...

Smokey investigated other things—explosions, auto accidents where cars catch on fire and sparks from trains. But all of these lumped together don't start one fire in a hundred.

That eliminated all suspects except... except... could that be right? Yes, good Alberta citizens like you start 9 out of 10 forest fires! And do the big damages to our forests.

Remember— ONLY YOU CAN PREVENT FOREST FIRES!

## Britain's Recovery Programme

IN THE RECENT NATIONAL ECONOMIC SURVEY, published by the British government, the people there were once more reminded of the critical nature of their present economic situation and were told of the rigorous programme for recovery which must be carried out in the coming months. It called for a full understanding of the need for stern measures to meet this crisis and for full co-operation in carrying out the necessary measures. "The Government," the survey said, "regards it as essential to the whole conception and success of an economic plan democratically carried out that there should be the widest possible understanding of the facts of the situation and the targets laid down." The magnitude of Britain's war effort, and the necessity for rebuilding many industrial sites, has made post-war recovery a difficult matter, but in spite of that, there has been steady progress since the summer of 1945.

### Main Object To Save Dollars

In spite of transportation difficulties and fuel shortages, industrial production in Britain rose in 1947 by nine per cent. over that of 1946. This success was due in part to voluntary increases in working hours, and partly to great effort on the part of individual workers. Since that time further advances have been made toward the goal for 1948, which is for an export rate 50 per cent. above the pre-war level. Since one of the most serious aspects of Britain's economic situation is the shortage of dollars, the main objectives outlined for this year are concerned with conserving dollars by decreasing Britain's imports from dollar countries and by producing at home as many articles as possible normally imported from the Western Hemisphere. At the same time, the report aims at increasing British exports to dollar countries. All this involves continued austerity for the British people, and a great effort to step up the production of articles for export.

### Targets Set For Industry

There is hope that the textile industry will produce 97 per cent. more woolen and worsted goods than in 1947, and that production of cotton goods and yarns will be 74 per cent. above that of last year. The target set for steel mills is over one million tons more than in 1947, in spite of the fact that this industry has for some time been breaking production records. It is also hoped to raise machinery shipments to 180 per cent. above the pre-war average, while manufacturers of vehicles have been asked to raise exports to 240 per cent. of the 1938 figure. All these objectives will have to be reached by individual industries if Britain's export trade is to be 50 per cent. above that of 1938, which is the figure considered necessary if satisfactory progress is to be made in 1948. To achieve this goal the British people will be called upon to make continued sacrifices. Housing schemes will have to be postponed, as will plans for reduced working hours and production of goods for home markets. In addition, food supplies will again be reduced. The outlook for 1948, according to the survey, is "full of uncertainties and bound to be one of great anxiety." There is, however, no suggestion of defeat and it is to be sincerely hoped that the courage and determination of the British people and their government will soon be rewarded with the success they deserve in their great struggle for economic recovery.

## Better Roads For Tourists "Imperative"

OTTAWA.—D. Leo Dolan, director of the Canadian Government Travel Bureau, told the Senate committee on tourist traffic that to cater to the vast army of travellers which would continue to visit Canada from the United States year after year it was "imperative" to see that Canada's highway system was vastly improved. He believed Canada's 1948 tourist traffic would exceed that of last year. He believed that for many years to come automobile would bring to this country from 80 to 90 per cent. of the American visitors who vacation in Canada.

This year the number of inquiries is running more than 1,100 a day. If Canada could keep its prices at a "reasonable" level it would get a large influx of tourists, if not competition from other parts of the continent would seriously cut into Canada's tourist industry, Mr. Dolan said.

## Women Inspectors Like Their Job

EMERSON, Man.—Four Winnipeg women, working as customs inspectors at the United States-Canada border town of Emerson, believe they have one of the most congenial jobs on record. They say the majority of people crossing the border do not try to smuggle articles across to the other side.

"We've had no unpleasant experiences," says Mrs. Hazel Pringle, one of the four women. "I have never had to search anyone, though the law says we may."

Travellers are told of the regulations before they cross over, so they know before they come back, she explained. "Most of them are patriotic and co-operative."

## U.S. THANKED FOR AIDING CANADIAN

OTTAWA.—Rescue of a New Westminster airman, last November from remote Cambridge Bay, Victoria Island, has helped strengthen Canada-U.S. ties.

Defence Minister Claxton, in a "thank you" note to U.S. Defence Secretary Forrestal, said the 800-mile mercy flight by American airmen was "a striking and practical example of the close relationship between the armed forces of Canada and the U.S."

Sergeant J. H. M. Craik, critically ill, was flown through heavy snow and ice to Fort Nelson, B.C., in a U.S. aircraft which answered a call for "any available plane."

A successful appendix operation subsequently was performed on Sergeant Craik in Edmonton.

## ALBERTA CAR LICENSES AT NEW PEAK IN 1947

EDMONTON.—Alberta issued 102,500 car licenses in 1947, shattering all previous records and exceeding the previous year's total of 95,000. Drivers' licenses also set a new high of 181,000, against 171,000 in the previous year.

This year Alberta returns to the old system of two license plates on motor vehicles. In order to meet a rush demand, the province has placed an order for 110,000 sets of plates.

## RADIO WAVE LENGTHS

Radio waves of almost any length can be produced, but the longer the wave the less its energy. The longest wave in actual broadcasting is about 12 miles long.

Kingston was the capital of Canada from 1840 to 1841, and Montreal from 1844 to 1849.

## :: Perennial Wheat No Longer Unbelievable Myth ::

## Winter Hardiness Needed If Wheat Is To Be Of Value

By T. R. MELVILLE-NESS  
Central Press Canadian  
REGINA, Sask.—Plant breeders at the University of Saskatchewan, working with crosses between grasses and wheats, have come along with an interesting development—a wheat-like plant with perennial habit, and near immunity to a large number of races of stem and leaf rust. The difficulty is that the present lines have no winter hardiness and can only be carried through several croppings under green house conditions. But perennial wheat is "no longer an unbelievable myth," according to Dr. J. B. Harrington of the university field husbandry department. "Winter hardiness must be added if the wheat is to be of any value. It may take many years to effect this, but the lines we are working on now present many interesting possibilities," he adds.

For instance, the plants growing in one of the green houses at the university have the grass characteristic of retaining green matter in the stem after the head has ripened. Such a plant, developed to withstand prairie field conditions, would serve a dual purpose. It is possible the grain might be threshed, the straw left to cure, later to be gathered and fed to stock as a valuable and nutritious forage.

Degree Of Stability  
What value would perennial wheat have in the western farm economy? Simply this: It could provide a permanent cover crop, capable of preventing much of the dangerous wind and water erosion that threatens the very life of some of our soils. Perennial wheat could mean a degree of stability never believed possible in this dry country. But between the present lines and the development of a strain hardy enough to withstand the severe winters of the west lie years of painstaking work of breeding and cross-breeding, selection and rejection, all the disappointments and the shattered hopes the plant breeder knows so well.

Dr. Harrington, who is in charge of bread breeding at the university, states that the present achievement is the result of work done by Professor L. H. Shebeski, also of the university field husbandry department, when he was at the Dominion Rust Laboratory at Winnipeg. Mr. Shebeski crossed Agropyron elongatum, a hardy grass, with Chinese wheat in 1938, and back crossed the grass-like hybrid with Chinese to get a moderately wheat-like progeny. Successive generations of selecting toward a satisfactory wheat-like plant of perennial habit was interrupted from 1941 to 1945 and resumed in the fall of 1945.

Research Begins  
Although Russian scientists are believed to have been working on perennial bread-grain crops since 1928, it was not until 1935 that similar research began in Canada. This was undertaken actually in response to the need for new forage crops which would help solve the problems of drought and soil conservation. That work has the objective of a large seeded hardy grass and is under way at the Dominion Forage Breeding house at Saskatoon.

Plan New Road For Yukon  
OTTAWA.—The government plans construction of an all-weather truck road in the Mayo-Keno mining district of the Yukon, Resources Minister Glen announced. The road, for which an expenditure of \$400,000 was asked in the estimates tabled recently, would run from Mayo on the Stewart River to Minto on the Yukon, a distance of approximately 100 miles. There has been a winter road over the route for many years, but when airplanes took over the contract for delivering mail, the overland freighters discontinued their service. Water navigation, the only other means of delivering freight from Whitehorse to the various communities in the territory, was not dependable.

NEEDED A REST  
DOUGLAS, Ga.—Merchants in this South Georgia tobacco growing centre officially set aside April 1-8 as "Leave Us Alone Week." They acted after counting up 12 different drives for funds in one month.

About 150,000 islands fringe the coast of Norway.

Dr. J. B. Harrington and Prof. L. H. Shebeski discuss the future of perennial wheat in the west as they look over specimens of the interesting cereal growing in the greenhouse at the University of Saskatchewan.

Laboratories at Saskatoon and Ottawa. The work to produce a desirable perennial wheat has thus far been conducted on a small scale basis. If the work was placed on a co-ordinated project basis many crosses could be made and followed up at various points across the prairie region. A full scale program with several research people spending a large part of their time on the work would help materially in increasing the chances of originating a desirable hardy perennial wheat for western Canada within the next decades.

## Outstanding Quality

Quality desserts, pie fillings, gravies and sauces call for quality ingredients—most important of which is Canada Corn Starch, a product of outstanding quality. Dependable — its popularity with Canadian housewives over the years is the best recommendation as to its outstanding quality.

## YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY-

Here's Good News!  
Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clumsy, so nervous, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for that! Many wise "middle-aged" women take Pinkham's Compound regularly to help build up resistance against this distress. Pinkham's Compound contains no opiates—no habit-forming drugs.

## FUNNY And OTHERWISE

A Negro was pleading his own case to save the price of a lawyer. He called the chief witness to the stand and said: "Joshua, where was I when we stole those chickens?"

"How do you spell 'graphic'?" asked the young man. "With one 'P' or two?"

The older man sighed. "Well," he said at last, "if you are going to use any, you might as well go the limit."

William: "I shall have to give up smoking. The doctor says that one lung is nearly gone."

Wife: "Oh, Bill! Couldn't you hold out a little longer until we get enough coupons for the new lung?"

"I think he's the meanest creature I've ever met!"  
"Why?"  
"Well, I've made up my mind to refuse him, and I simply can't get him to propose."

Doctor: "You should take a bath before you retire."  
Patient: "But, doctor, I can't afford to retire for another 20 years."

"What did you give your baby for his first birthday?" asked Mrs. Richards.  
"We opened his money-box," replied her friend, "and gave him a lovely electric iron."

Beggar (to lady): "Spare a penny for a blind man."  
Lady: "Can you prove you are blind?"  
Beggar: "Well, see that tree over there?"  
Lady: "Yes."  
Beggar: "I can't."

"Sorry to put you to the trouble of fetching water specially for me," said an English tourist who had ordered whisky in a Highland inn.  
"No trouble at all," replied the host. "I always keep a drop on the premises in case of fire."

**WESTERN CANADA MOTORCADE PLANNED**

REGINA. A motorcade designed to popularize No. 1 highway Trans-Canada route in western Canada will be held in May under the sponsorship of chambers of commerce along the route, it was learned. Route of the motorcade will be from Brandon, Man., to Nelson, B.C. A second group will travel from Vancouver to Nelson.

**MONDAY, JUNE 7, SET AS KING'S BIRTHDAY**

OTTAWA.—Monday, June 7, has been fixed for the official celebration in Canada of the birthday of the King.

The proclamation fixing the date is contained in the current issue of The Canada Gazette. The King will be 53 next Dec. 14.

2770
